

Peter Pan
Better. Quicker. Cheaper.

PRESS RELEASE for Immediate Release

Peter Pan Bus Lines believes that reliable and affordable bus transportation is the way to go and it launches \$5 bus fares to Boston and New York City to prove it!

Peter Pan Bus Lines recently ended an 18-year partnership with Greyhound Lines, and now the 85-year-old company is going all out to earn a stellar reputation as the most reliable, independently owned bus company ever to serve your area.

Peter Pan is offering \$5 fares from a list of cities to Boston or New York City through February 15 so riders can try Peter Pan at an unbelievable price. The company is confident they will show riders that Peter Pan is the only way to go.

Peter Picknelly, third generation owner of Peter Pan, is determined to provide the most reliable, quality bus service you've ever known. *"What people want in a bus company is really very simple. They want a clean bus, a professional driver and on-time friendly service. We really know your market well and I'm proud to tell you that I think we do it better than the other guys."*

The \$5 fare to Boston from Hartford Ct, Springfield MA, Philadelphia PA or Providence RI is just "beans" when you compare other fares to Beantown. It's ideal for riders who want to take in views of Fenway Park, hop on a Duck Boat, visit a friend at Harvard, or take a walk on the Freedom Trail.

The \$5 fare to New York City from Baltimore & Silver Spring MD, Washington DC, Philadelphia PA and Providence RI will prove that Peter Pan offers transportation without aggravation. It's all part of the big game plan to show off a little with a ride to the Big Apple.

Peter Pan has also launched a new **Lowest Price Guarantee**. If you find a ticket for less anywhere, contact Peter Pan within 24 hours and they will credit you the difference on your Peter Pan loyalty program "Perks" account. When you join for free, you automatically get a free \$5 credit.

The \$5 Bus Fare is a one-way fare and based on the availability of a limited number of seats. Tickets can be purchased through February 15, 2018 online only at <https://peterpanbus.com>
